Kindness That Keeps Showing Up

Today is World Kindness Day.

We often think of kindness as a single moment: a door held open, a meal shared, a word of encouragement. In rural Tamil Nadu, our partners are

showing what happens when kindness doesn't stop at one moment. It comes back, again and again.

Through our **Healthcare 2 Unreached (H2U)** Signature Program, Share & Care supports **Kalanjiyam Trust's Right Information Community Health (RICH)** Program in Chengalpattu District. Its team doesn't visit a village once and move on. They screen, refer, and drive patients to the hospital when the distance is too far, and then they return to check in.

5,100+ patients screened.
Nearly 100 villages covered.
246 family health tracking cards issued.

See how your support of the RICH Program is turning episodic medical camps into ongoing health records across rural Tamil Nadu.

In the full story, you'll discover:

- How one awareness session became the first step toward a hospital referral
- Why counselors are part of every health visit
- The handmade gift that 100 families received this season

Make Your Kindness Go Twice as Far

Today, your gift could do double the good. Many employers match their employees' charitable donations, which can double your impact at no extra cost to you.

After you give, you will get a separate email where you can simply search for your employer to see if your company offers a matching gift program. If it does, we'll help guide you through the request. It takes just a few minutes, and it means more mothers, children, and families receive care close to home.

CONTINUE THE KINDNESS + DOUBLE YOUR IMPACT

Thank you for being part of a kindness that reaches across the world and keeps showing up.

With deep gratitude,
The Share & Care Foundation Team
