On January 19, Share & Care Kids4Kids hosted its first event of the year, and we're happy to share that the evening was a great success with more than 60 attendees! We are so proud of these young philanthropists who are taking initiative and uniting to make a difference in the lives of others.

Share & Care's Kids4Kids aims to educate (and create a better future for) underprivileged students in rural India. Its motto is: "One Child for One Child." [Click here](#) to read more about Kids4Kids and see how you can sign up or [email us](#) with any questions you may have.

At the January 19 event, the members of this youth-led wing of SCF gave a heartfelt presentation on one of SCF signature projects, "Educate 2 Success" and hosted a Q&A session, all while encouraging other attendees to join their mission. They also hosted a game of Jeopardy designed especially for the occasion, and topped off the evening with pizza, cupcakes, and a DJ for entertainment.

Want to hear about the kids' excitement for this program in their own words? Below are a few of our favorite responses from the Q&A session.

**Q: Do you know Share & Care Foundation? (If so, YES: what do you think is special about what SCF Kids4Kids or the foundation)?**

**A:** The foundation is very special because they do good work without asking for a reward or any profit of their own.

**A:** No, but I'm excited to learn about it because my friends are supporting it.

**Q: What qualities do you think YOU can add to this group?**

**A:** I am good at talking to people, helping with homework, and cooking.

**A:** I can help spread awareness about this topic. I've completed my Silver Award in Girl Scouts, so I have experience helping a large range of people.

**Q: What charity work or community service have you done that made you feel good?**

**A:** I worked with my school charity "Columbia Cares" and we prepared food for the community. I have also participated in Morris Swim which raises money for sleep-away camp for underprivileged kids.

**A:** I worked as a 5K volunteer and participated with Amazon Smile.

**Q: Going forward, what do you want to do once you get involved?**

**A:** Spread the word so more people can donate.

**A:** Spread awareness and raise enough money to help other children get their education. I would like to eventually meet the children that we are raising money for.

**Q: What can kids do that adults can't?**

**A:** I think we are a motivated generation with a lot of social media access and can connect to more kids. The messages can be viral.

**A:** Adults usually don't say "no" to kids — but kids say "no" to adults. :) It will be easier to

for us to spread the message.
