

INTERNATIONAL WOMEN'S DAY

We're committed to creating a safer and more equitable world for women.

At Share & Care, we know gender inequality is a complex issue that's deeply embedded in cultures and institutions — and there's no single way to fix it.

But we also know that change IS possible.

To truly empower women in India, we partner with NGOs that address root causes of gender discrimination and violence. We work with a localized approach and aim for community-driven change.

To celebrate International Women's Day with a donation for women in need, click below. To learn more about our programs, read on.

EMPOWER WOMEN

How we're making a difference for women:

In Rajasthan, West Bengal, and Delhi, our on-the-ground partners equip women with training to **protect themselves from domestic and social violence**.

Trained peer leaders act as change agents within their own villages.

In Jharkhand, we help rural women form self-help groups that will **enhance their understanding of gender discrimination and empower them with financial and agricultural training**.

Women in a self-help group recite an oath against injustice.

In Maharashtra, our partner NGO provides children with personal safety education, which involves lessons in **recognizing, preventing, and reporting sexual abuse**. The students learn about **personal autonomy** and are provided with individual counseling when needed.

Personal safety classes are tailored to different age groups to promote fun and active learning.

Are you ready to combat gender inequality?
