

## Celebrate #GivingTuesday with a donation to those who need it most.

Last year, Share & Care joined millions around the world in celebrating #GivingTuesday, a global day of charity and compassion. You helped us surpass last year's goal by a whopping 157%, and as we gear up for the 2017 holiday season, it's important to remember the less fortunate among us.

Today, we've set a goal to raise \$5,000 to help underprivileged women and children living in rural India. Through our five Signature Programs, we bring vital healthcare to remote villages, implement sanitation facilities and training, provide tools to help students get the education they need, and empower women and children through comprehensive training and counseling.

In honor of our mission to provide life-saving resources to all who need and deserve them, we present our list of the **Top Five Reasons to Give to Share & Care on Giving Tuesday**:

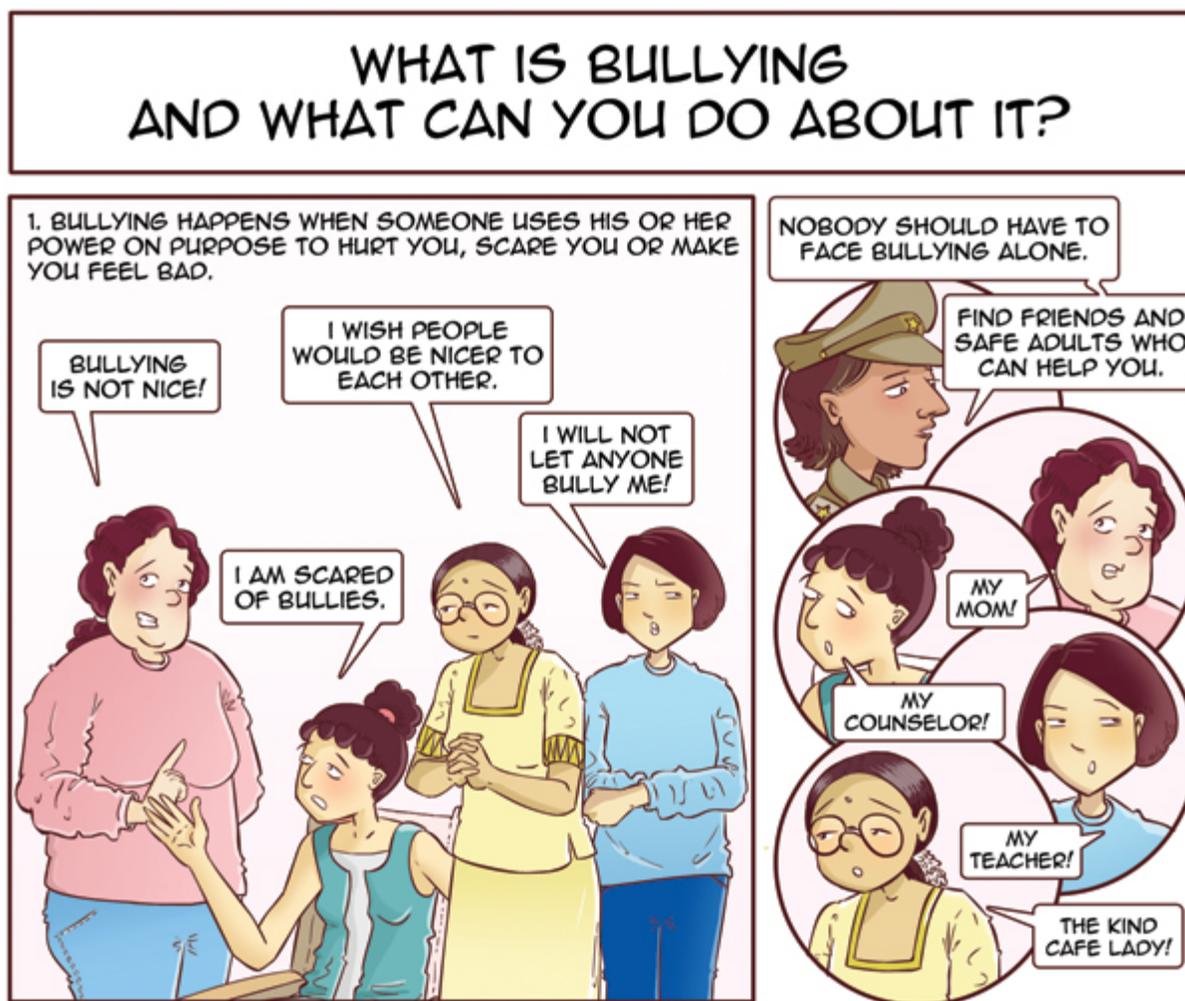

### **1. To combat child sexual abuse.**

Half of India's children are exposed to some form of sexual abuse, of which a fifth face the most extreme forms of molestation. We've partnered with an NGO to provide children with sexual abuse prevention, education, and counseling.

### **2. To lift up innovative projects that educate and inspire.**

We sponsor meaningful projects such as *Girl Power*, a comic book that teaches young girls how to overcome barriers in reaching their highest social, physical, and intellectual

potential by building boundary-setting, self-advocacy, and peer interaction skills.

### **3. To provide sanitation and hygiene training in remote villages.**

The complex challenge of tackling India's sanitation crisis hinges on the ability to change outdated attitudes about cleanliness. That's why we provide people in rural India not only with sanitation facilities, but also with hygiene education.

### **4. To give talented, motivated students the chance to gain a higher education.**

In India today, children spend an average of just five years in school — resulting in cycles of poverty that persist for generations. Our education-related programs bring vital resources to students in need, allowing them to develop self-confidence, finish school, gain employment, and ultimately provide for themselves and their families.

### **5. To contribute to a more compassionate world.**

A donation to Share & Care is more than a number on paper. It's a gift of hope for real people whose lives depend on the generosity and compassion of others.
