### A "Smart" Partnership to Benefit Education

K4K is a committee hosted for students by

students to help underprivileged children receive a better education. To raise funds and bring even more awareness to their cause, K4K recently partnered with Homingos, an India-based company and the world's first consumer AR product to "print" videos (called "Smartphotos")!

A Smartphoto is a printed photo that, when scanned via the Homingos Magic camera app, plays a selected video in the photo frame. Ordering Smartphotos is easy — plus, they make great gifts and offer a unique way to decorate your home and preserve precious memories.

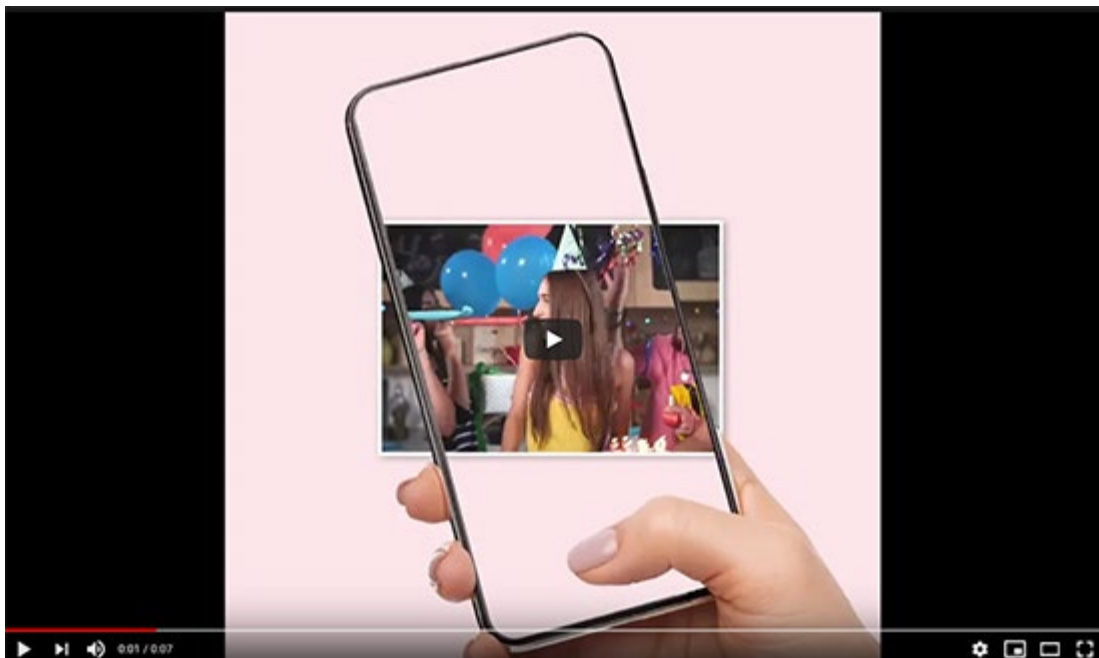

Now, through April 20, 2021, use the code HOMSNC20 to receive 20% off and free shipping at [joy.homingos.com](http://joy.homingos.com). Best of all, a portion of every purchase using this code will be donated to our education programs benefiting marginalized students!

*“Every dollar donated to our cause will help educate a child in India by providing their tuition, books, materials, and other school necessities. We have a lofty goal of raising \$15,000 this year, and we need your help to do so! Please join us in making a difference during a time when global sympathy is needed more than ever.” — The K4K Team*
