

“My father’s decision to help me was critical for my future, and left an immense impression on me. It was then that I decided to stay focused on my studies and have never looked back.”

— Dr. Bhavesh Manijbhai Sonagara

Meet Bhavesh

Bhavesh was born in Kudla, a village in rural India where farming is the primary source of income. Despite the region's arid landscape, Bhavesh's father worked tirelessly to provide their family of five with the basic necessities to survive.

Growing up, Bhavesh was an eager learner who dreamed of pursuing higher education. However, their village offered just a single primary school, and to study further meant attending a school in the city.

Bhavesh almost gave up on his dream. His father, however, encouraged him to continue his studies — and supported his son by working day and night in the fields to pay for his secondary education.

Eventually, Bhavesh was admitted into a medical college, but the tuition fees were beyond his family's reach. A loan-scholarship from Share & Care's Educate 2 Graduate program supported him through the remainder of his journey.

Bhavesh's story is not just an example of one student's drive and determination. It's also a testament to the transformative power of a parent's love and encouragement, particularly in the face of adversity.
