Planning to tune in? See our FAQs below:

When does the event start?

The event will open at 7:30PM EST with a screening of videos and photos from disaster relief efforts in action. Please join us early to see how your generosity is benefitting projects on the ground in India. The virtual premiere will begin at 8PM EST.

Can I share my access code?

Members of the same household, on the same wi-fi network, may use the same code on multiple devices. However, if you share your access code with those *outside* of your household and they join before you do, you may not be able to watch the event.

If I have multiple codes, can I share them?

Yes! However, keep in mind the "one wi-fi network per access code" rule. Please remember to reserve one code for yourself and your own household — then, you may distribute additional codes to friends and family in other households or on other wi-fi networks.

What if my computer crashes? Or I have to leave for a few minutes? Can I get back in?

Yes. As long as you are on the same wi-fi network, you would be able to re-use your access code.

What device(s) can I use to watch the event?

You can view the event through any web browser on your desktop, laptop, tablet, or mobile device. For the best experience, we recommend having a strong internet connection and using the Google Chrome browser.

If you have any questions, please email us at hello@shareandcare.org by July 16 as the office will be closed on Saturday, July 17. The website will have links to contact live support starting at 5:00PM EST on the day of the event.
