

HELP BRILLIANT STUDENTS COMPLETE THEIR EDUCATION

[Help us create opportunities for determined students.](#)

It's almost back-to-school time. Students of all ages and grades, from kindergarten to college, are picking out their school supplies and getting ready for another year of learning. For many, it's a season of anticipation and possibility.

But for some, it's an unfortunate reminder of dreams that remain out of reach.

Meet Rajubhai

Rajubhai Bholabhai Sadadiya grew up in a rural village in the Rajkot District of Gujarat. He, his parents, and his two younger sisters lived on a small farm. His father, who has a chronic illness, worked 12- to 14-hour days in the field alongside Rajubhai's mother just to pay medical expenses and support their family of five.

Rajubhai was fortunate to be able to attend school, and dreamed of becoming a software engineer to help raise his family's quality of living. In his classes, he went above and beyond and achieved

high marks. It seemed as if he was on track to achieve his goal.

Then, he found out he needed a master's degree to get a job that would pull his family out of poverty. He had neither the funds to pursue the degree nor the resources to stay in a larger town where he could attend classes. He felt crushed.

Thankfully, one of his instructors encouraged him to apply for Share & Care's Educate 2 Graduate loan-scholarship program — and it changed everything.

To read Rajubhai's full story (and to hear how he's doing today), visit our blog.
