

## EDUCATION TRANSFORMS LIVES

### **It's back-to-school time for some, but not all.**

Did you know? In India, more than 100 million children do not attend school.

Sadly, nearly all of these kids are out of school due to factors beyond their control. Many come from families living in poverty, and are required to stay home and care for their younger siblings while their parents work — or even work as child laborers themselves. Others, in remote areas, lack access to education entirely.

### **But together, we can make things better.**

Through our Educate 2 Success and Educate 2 Graduate programs, we're helping at-risk children stay in school and providing opportunities for deserving scholars to achieve the higher education they've always dreamed of.

Thanks to our intervention and guidance, E2S and E2G beneficiaries go on to achieve great things — from attaining high-paying jobs and gaining advanced degrees to becoming mentors and role models for others in their communities.

**Thanks to these programs — and our generous supporters — we're helping to break the cycle of poverty for thousands of families across the globe.**

Will you contribute to our mission to make education accessible for all?
