

MAKING HIGHER EDUCATION POSSIBLE IN INDIA

Educate 2 Graduate Illuminates a Path to Success

Scroll down to see a heartfelt video highlighting how your gift can light a path for underprivileged students in India.

Our Educate 2 Graduate (E2G) Signature Program provides scholarships to bright, but economically underprivileged students in India, enabling them to pursue degree programs in the medical, engineering, and IT fields. Beneficiaries come from the top 10 percent of their graduating classes; however, because their families have incomes of less than \$2,500 USD per year, **their educational pursuits would be an impossible burden without these scholarships**. In addition to financial support, the students are supported emotionally as well, with access to mentors and personal and professional development opportunities.

Through these scholarships, the E2G program has **transformed the lives of more than 1,700 students**, liberating them from the vicious cycle of generational poverty and creating lasting and sustainable change for generations to come. Meet one of E2G's beneficiaries below, and hear what this opportunity means to her.

Educate 2 Graduate: Making College Education A Reality

For some students like Manimegalai, in Tamil Nadu, the path to higher education is out of reach without the financial support of Share & Care through its NGO partners like Kalanjyam Trust. Through E2G, she and students like her have a pathway to success. It is with your support that we can continue to light that path.

[SEND A GIFT](#)

Diwali is fast approaching on November 4. We humbly ask that you think of Share & Care during this time of giving. With a donation to our Signature Programs, you can help deserving students receive a quality education, provide healthcare to remote communities, empower women through gender equity and livelihood training, and uplift entire villages in India. Every single gift — no matter the amount — is greatly appreciated and **has the power to spread light, love, and hope.**
