

Connecting Students in Rural India

This International Youth Day, the United Nations has designated the theme, **“From Clicks to Progress: Youth Digital Pathways for Sustainable Development.”** At Share & Care, we understand the incredible effect that digital education has on students, especially in those from rural and poor backgrounds in India.

Since 2022, we have partnered with the Y4D Foundation Maharashtra to establish **11 Digital Training and Resource Centers (DTRC)** across Maharashtra, Gujarat, and Uttar Pradesh. Previously, students learned on chalkboards, but now, each lab is equipped with a smartboard to enhance their learning. Additionally, we've provided **220 computers**, essential furniture, and digital trainers for the teachers, ensuring effective use of the labs.

Two Years, Thousands Impacted

Through generous support from our donors and our close partnership with Y4D Foundation Maharashtra, in the past two years we have:

ESTABLISHED **7 LABS** IN GUJARAT

benefiting more than
5,500 students
from tribal, rural, and
middle-class
backgrounds thus far

ESTABLISHED **4 LABS** IN MAHARASHTRA

benefiting more than
5,600 students
from rural and urban
poor backgrounds
thus far

ESTABLISHED **1 LAB** IN UTTAR PRADESH

benefiting more than
315 students
from rural and urban
poor backgrounds
thus far

Digital access and education offer unprecedented opportunities for these students to break out of generational cycles of poverty. **You can contribute to this profound impact** with a gift in honor of International Youth Day.

DONATE TO CONQUER THE DIGITAL DIVIDE

Reach out to us at info@shareandcare.org to see how you can sponsor to build a Digital Resource and Training Center, capable of providing thousands with digital education and opportunities, in a location of your choice.
