International Women's Day 2026

GIVE TO GAIN

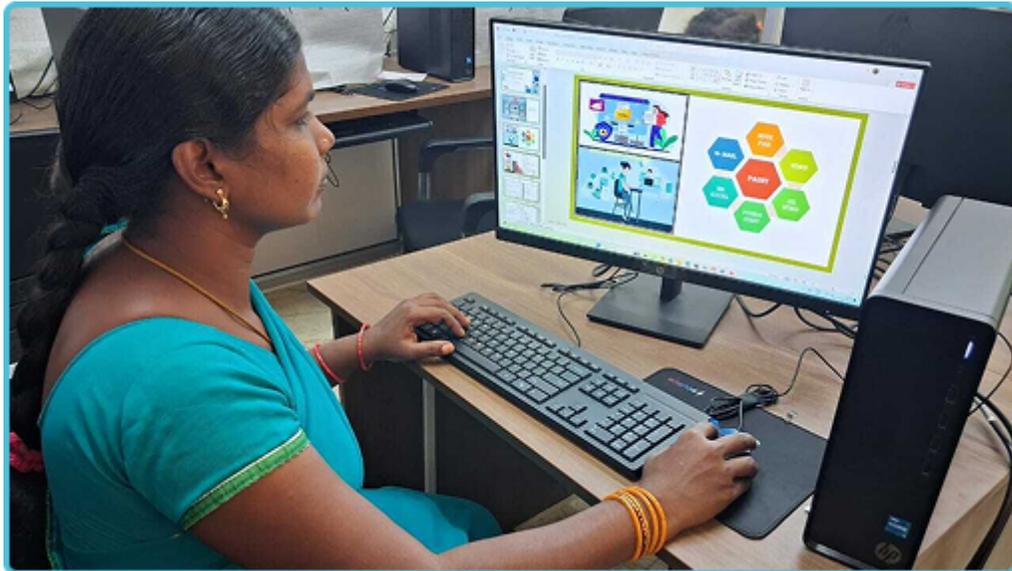

This year's theme, "**Give To Gain**," is more than a slogan. It reflects a deeper truth we see in our work: when love, time, and opportunity are given to one woman, entire families and communities gain. At Share & Care, we strive to embody this spirit by standing beside women in marginalized communities as they build skills, dignity, and economic independence.

This International Women's Day, we invite you to step into Jeeva's story.

From Struggles to Strength: Jeeva Latha's Inspiring Journey

S. Jeeva Latha, a 33-year-old mother, has faced more than her share of hardship — health complications, financial instability, and the pain of a difficult marriage marked by abuse and public humiliation. With limited support and two children bearing the emotional weight of their home life, every day demanded courage just to keep going.

Yet even in the midst of this, Jeeva held onto one quiet hope: ***to stand on her own feet and give her children a different future***. That hope led her to Thalir Academy, supported by our Women Empowerment Program, where she first enrolled in a tailoring course and later pursued computer training, recognizing that digital skills could open even more doors.

With perseverance — and often in the face of resistance at home — she completed training in tools such as Microsoft Word and Canva, and joined life-skills sessions that helped her rebuild her self-worth. She also stepped into new roles: contributing to a short film project, teaching spoken English to schoolchildren, and finding her voice as a mentor.

Today, Jeeva was selected as one of six women from Thalir to launch a youth enterprise focused on digital media creation in the Chengalpattu district — a powerful step toward financial independence and leadership.

Her journey shows what can happen when one woman is given the chance to gain skills, confidence, and a community that believes in her.

Stand With All Women for International Women's Day

Help expand initiatives like tailoring, digital media training, and life skills development — and to walk alongside women as they turn adversity into strength. In this spirit, we invite you to:

- **Give** – Support programs that provide skills training, digital literacy, and life skills for women in rural India.
- **Share** – Tell the stories of women like Jeeva and the trainees at Thalir Academy, so their courage can inspire others.
- **Care** – Stand in solidarity with women and girls as they pursue education, economic independence, and safety.
