Celebrating National Non-Profit Day

Partnerships for Change

Today is National Nonprofit Day — a day dedicated to recognizing the incredible impact that nonprofits have on our world.

Here at the Share & Care Foundation, our impact relies on a brilliant ecosystem. It requires specialized, on-the-ground local partners who understand the cultural nuances of their communities. It also requires strategic resources, financial transparency, and structural stability of an organization like ours.

We call it the power of partnership, and it's how we bridge the gap between donors and the communities that desperately need support.

Women Empowerment

The Women Empowerment (WE) program thrives on a powerful partnership: local grassroots organizations manage daily mentorship and facility operations, while Share & Care provides the foundational infrastructure, curriculum design, and long-term impact monitoring needed for women in marginalized areas to achieve lasting financial independence.

Healthcare 2 Unreached

The Healthcare 2 Unreached (H2U) program transforms access to medicine by combining the boots-on-the-ground clinical expertise of local medical teams with the strategic resources of Share & Care. While local teams deliver mobile care, Share & Care secures the funding, advanced medical technology, and infrastructure necessary to sustain their operations in remote, underserved regions.

Educate 2 Graduate

The Educate 2 Graduate (E2G) program clears the path to economic mobility by pairing the local guidance of our grassroots partners with the strategic scholarship funding of Share & Care. By focusing on identifying promising students while we remove financial barriers, our partnership transforms raw academic ambition into the professional leadership needed to break cycles of poverty.

Educate 2 Success

Our Educate 2 Success (E2S) program safeguards primary and secondary education by combining local community oversight with Share & Care's institutional support. Through this partnership, local teams provide the daily student engagement, while Share & Care delivers the career counseling resources and infrastructure needed to keep at-risk students in the classroom and on the path to self-sufficiency.

Our newest blog post celebrates National Nonprofit Day by sharing four inspiring stories of transformation made possible by our partnerships.
